Big Cloud Burst.

A letter received a few days since at the U. S. Signal office, dated August 13th from Mr. Wm. Oothout, Jr. gives a description of several storms at Palmetto south of Candalaria this month. The writer says: Two terrible cloud bursts have passed over our valley. One on August 7th, commencing at 11.30 a. m. and lasting until 12.30 p. m. During that time 8.60 inches of water fell. The second cloud burst occurred on the 11th commencing at 12 m., and lasting until 1.10 p. m. This storm came from the northeast accompanied by thunder and hail; at 4 p. m., a second thunder storm arrived coming from the west. Total amount of precipitation on the 11th, 8.80 inches. The roads have been completely devastated for many miles. Our own canyon is a wreck and ruin for ten miles below the mill; a complete sheet of seething waters extends completely across the valley, from one hill to the other. To-day it is again storming, appearing very black and threatening over towards the White Mountains in California. (Later reports from this section of the State that the White Mountains were covered with snow in this storm.)

Poor Old Choynski.

The most righteous act which any San Francisco judge has performed for a long time was the sentence of the blackmailing editor I. N. Choynski, to three years in Folsom for trying to extort money from Obadiah Livermore. It is really astonishing how long this vulgar, blackmailing wretch has gone on his way plying his unlawful trade and prospering by it. A society for trapping and convicting blackmailers would be a good thing.—Oakland Times.

While every honest editor endorses every word of the above, it is but fair to remark that poor old Choynski is by no means the only professional blackmailer in San Francisco.

Papers of greater circulation and larger influence than Choynski's have been built up on pure and simple blackmail, and the publishers are among the leading and most respected men of the community.

A true history of some of these journalistic successes would astonish the community.

It is high time that Pinkerton's detective agency was regulated by law of Congress, at present the principal mission of Pinkerton's men seems to be to go to different points and shoot strikers in localities where the local police are fully able to cop with the question.

The presence of armed forces and bodies of men distinct from the regular authorities of city and country, is always very irritating to strikers and generally prevents a compromise of existing difficulties.

Travel on the V. & T. has increased so rapidly lately on account of the nearness of election that the company has been obliged to put on an extra coach every evening.

Under the proposed new apportionment of county boundaries, Ormsby will be bounded as follows: Commencing at the intersection of the Carson river Guide Meridian with the third standard parallel north. Thence east along said third standard parallel north to the range line between ranges 26 and 27 east. Thence south along said range line to the second standard parallel north. Thence east along said second standard parallel north to the range line between ranges 27 and 28 east. Thence south along said range line to the southwestern boundary of the State of Nevada. Thence northwesterly along said southwestern boundary of the State of Nevada to the intersection with the 120th Meridian West from Greenwich, the same being the western boundary of the State of Nevada. Thence north along said western boundary of the State of Nevada, to the third standard parallel north. Thence east along said third standard parallel north to the place of beginning.

A Lady Candidate.

Mrs. Alice I. Ricord, a daughter of ex-State Senator T. N. Stone, announces herself in the Independent as a candidate for the Republican nomination for Superintendent of Schools in Elko County. She is the first of her sex, in the State, we believe, who has proposed to avail herself of the privilege granted by the new amendment to the Constitution, although there is certainly no good reason why others should not follow the example of their Elko sister, if they feel so disposed and are competent to fill the position.

The San Francisco Weekly Star openly charges Wallace of the Supreme Court with receiving a \$5,000 bribe and then after getting frightened returning it again to a man named McConley.

Notice.

Annie Firmin.

There is talk of having the beautiful Annie Firmin here during Fair week under the management of that sterling old actor John Jack. Since the big Virginia fire these talented people have played all over the Union and drifted away from the sagebrush. But they left many a hearty friend who will be glad to join in welcoming their return.

No doubt the certainty of big houses during Fair week would warrant Mr. Piper in closing dates with them.

Elko for Talbot.

The county of Elko is putting Talbot to the front for District Judge. They ascribe as their reason for discarding Bigelow, that he was placed on the bench by Elko County and after being elected moved to Reno. They think he should stand by Elko from the jump and not repudiate it by moving elsewhere. The Elko delegation is reported solid for Talbot.

Moonlight Dance.

Saturday evening, August 23rd, there will be a brass band, moonlight dance at the Cook ranch. Ample accommodations for horses can be found there and the best of attention will be given them.
